EXPERIENCE

DESIGN

June 2018 to Present

UX DESIGNER

Glooko

- Led whiteboard sessions to define user flows, identify use cases, and map out interactions for projects.
- Designed medium to high-fidelity screens, specs, and prototypes to communicate solutions to stakeholders to receive their support.
- Collaborated with other designers and front-end developers to create and maintain a library of consistent, reusable components/modules for use by development teams for iOS, Android, and web platform.

April 2018 to June 2018

UX DESIGNER (CONTRACT)

Glooko

- Deliver detailed design artifacts that enable developers to quickly and accurately produce working code.
- Worked with researchers to develop prototypes and artifacts to support user testing.

January 2018 to March 2018

INSTRUCTIONAL ASSOCIATE

General Assembly

- Mentor students and provide feedback on projects for adults students enrolled in the user experience design course

November 2017

LEAD UX DESIGNER

Mobility Matters

- Led end to end UX process designing a website interface that serves as a self-guided fall prevention exercise program for older adults.

COMMUNITY

October 2018 to Present

CO-ORGANIZER

San Francisco UX Writers Meetup

- Organized content strategy events and led workshops on topics such as writing for healthcare or onboarding
